DESCRIPTION
The Senior Certificate is obtained after successful completion of Grade 12 on the Revised Senior Certificate.

These examinations are administered by the Department of Basic Education, and the Certificate is awarded by UMALUSI. The Matriculation Board regulates admission to the majority of public universities. The Board is also responsible for administering the matriculation endorsement and exemption requirements in accordance with regulations. Admission to some Higher Certificate and Diploma programmes offered by some universities of technology and other institutions is determined by the individual institution.

The Matriculation Board or the institution of your choice will determine whether you fulfil the requirements for tertiary education. It is your responsibility to enquire from the relevant body whether you meet the entrance requirements.
