Feng Shui

Discover the harmony positive energy brings

For centuries the Chinese have implemented the principles of Feng Shui to create a balanced living environment. Now you too can discover the art of this intriguing tradition and employ it in your own life, as well as use your skills to consult in other environments, from homes to office blocks!

For the very first time ever, a course has been developed to teach you the principles of Feng Shui – where decoration, design and space arrangement combine to create a place of tranquillity, and where positive energy fields enhance lifestyles and working environments.

Programme Type

The Feng Shui programme is a **Provider Programme**. INTEC offers three types of programmes, namely National Qualifications, Provider Programmes, and Agent Programmes:

National Qualifications are credit bearing qualifications registered on the NQF and accredited by a Quality Assurance Body.

Provider Programmes are unique to INTEC and are designed to increase and enhance your skills and knowledge within your chosen field.

Agent Programmes are programmes and qualifications for which INTEC offers tuition, but where INTEC does not issue the final certificate (the agent body issues the final certificate).

For more information about the types of programmes that INTEC offers, please see the INTEC General Brochure.
