- The techniques to planning and organisational issues are discussed.
- The latest technologies in cookery are explored.
- Nutrition and dietetic issues are addressed.
- Professional Catering

### Professional Catering

Programme Types offered at INTEC College

National Qualifications are credit-bearing qualifications registered on the NQF (National Qualifications Framework) and accredited by a Quality Assurance Body, such as a SETA (Sector Education and Training Authority). A skills programme is an accredited component of a national qualification.

**Agent Programmes** are programmes for which INTEC offers tuition, but where INTEC does not issue the final certificate. The Agent body issues the final certificate and manages the final examinations.

**INTEC Programmes** are INTEC’s own programmes that are linked to the NQF and are not credit-bearing. However, they are in high demand and carry the approval of the INTEC Academic Board. INTEC Programmes fall into five categories:

- **INTEC Career Programmes** are programmes designed to teach you the skills and knowledge to succeed in a particular career.
- **INTEC Career Booster courses** are short courses that help you add to your current professional knowledge in a particular field, and hence boost your abilities within your career.
- **INTEC Career Starter courses** are short courses that introduce you to a particular field or career, and that offer you the opportunity to explore an interest or a skill set without having to enrol on a full programme.
- **INTEC Job Creator courses** are designed to refine your skills in a particular field of interest, to teach you how to make a living from a particular skill, interest or hobby, and to help you start your own business.
- **INTEC Self-Enrichment courses** are offered for self-enrichment purposes. They add value to your experience of life in a particular chosen field of interest.
